

## From Your President

Goodbye winter and hello spring! Even though we haven't had a winter with lots of snow in my area, I am ready to welcome spring with open arms. I absolutely love this season with all the beautiful blooms and longer, warmer days. It gives me a feeling of rejuvenation and optimism when I see daffodils, tulips and forsythia. I am ready for walks and digging in the dirt.

Let us celebrate a new year and a new season by attending and supporting your county association's meetings and activities. Bring a colleague or friend with you to learn what

WVARSE is all about.

We have several members who belong to inactive county associations. These associations have not been meeting, (some before COVID and some after COVID), for various reasons. Some can't find officers to lead them. If you are in one of those counties and would like to see your county association become active again, please contact your Regional Director, WVARSE membership chair Mary Ann Ferris, or me, your WVARSE President. All our contact information is in the Newsletter. We would all be so excited to help you get organized. Think about stepping forward and becoming the person that gets the ball rolling. You don't have to do it alone. We do accept co-presidents.

To all our county membership chairs, please remember to order the number of membership forms you will need for 2023-2024 by April 15. Please get that information to Karen Nicholson, WVARSE Membership Clerk. Forms will be available at Leadership Conference.

We are still looking for a Treasurer. Judy Staubly announced many months ago that she is retiring as WVARSE Treasurer. She has agreed to stay on until a replacement is found. I am sure someone out there has the skills needed for the job. There is a stipend. Please be that someone we need!

In conclusion, this spring, dig up those members who aren't attending your county association meetings and invite them to join. "Bloom Where You Are Planted" and assist your county and state association any way you can.

# Executive Director's Column

Another legislative session has ended with a plus for retirees. SB 237 provides a \$1,500 one-time supplement for retirees 70 and above who had at least 20 years of service and has a minimum pension of \$1,000 per month. We are pleased that our fellow retirees on the low end are being boosted. This bill also increased the minimum pension to \$1,000 per month. Prior to 2001

there was no minimum pension and we had some of our retirees making less than \$500. Through the efforts of our association a minimum of \$500 was established in 2001. That remained the minimum until 2019 when, under the leadership of WVARSE Legislative Chair John Taylor, it was increased to \$750. SB 237 increased it to \$1,000. Thanks to John our minimum pension has increased \$500 in the past 4 years. Four bills were completed during the 2023 Legislative session which affect PEIA: SB 268 mandated that the 80/20 rule be enforced, causing premiums to increase on all participants other than retirees, effective July 1, 2023. Retirees will see 10% increase in premiums effective January 1, 2025. There will be no changes in benefits nor does it affect spouses of retirees. SB 268 requires that the minimum level of reimbursement at 110% of the Medicare amount for

all providers. It requires an annual fiduciary training and completion of conflict-of-interest forms in order to serve as a PEIA finance board member. Other items of this bill do not affect retirees. SB 577: reducing Copay on Insulin & Devices. HB 2029: repealing the Creation of an All-payer Claims Database.

We will have a one-day Leadership Conference (May 3, 2023). We will have our regional meetings this year. We are debating having a normal 2-day Annual Council. The agenda for Leadership and the Regional Meetings schedule is addressed in separate articles in this Newsletter.

We must continue to increase our membership. It is the responsibility of each member to do his/her best to enroll new members and retain old members. We still accept the old enrollment forms and members can enroll on the website. Effective July 1, 2023 Life Membership dues increases to \$150. Your sharing of email addresses with us would be most helpful. We prefer that you share your email address with your unit, and it will, in turn, share it with me. That way all concerned will have access. Many of my email addresses are not valid. If you have changed your email address, please send me an email at [bmilam@suddenlink.net](mailto:bmilam@suddenlink.net) so that I can update my files.

## Medicare Advantage for Seniors

Rumors abound concerning funding for Medicare Advantage. WVARSE became aware that it was possible that CMS would reduce funding in the billions. Thanks to Tom Sussman, President Charnel Radcliff and Executive Director Bill Milam who participated in two zoom meetings with the staff of Senator Joe Manchin and Congresswoman Carol Miller. A letter, using WVARSE stationery under Charnel's signature, was sent to CMS and President Biden expressing concerns for WVARSE members. Copies were sent to each senators' office and each congressman's office. Later a zoom meeting was scheduled with representatives of CMS and seniors from 12 states. Bill attended this meeting. It was noted in the meeting that West Virginia has 199,000 seniors enrolled in Medicare Advantage plans. This is equivalent to 43% of eligible Medicare Beneficiaries, the highest state percentage in the nation. 54,000 of those seniors are state and school retirees. Each state representative had the opportunity to tell his/her experience with Medicare Advantage and how reduction in funding would affect local participants. Bill told them Medicare Advantage was the best plan for West Virginia due to low premiums and rich benefits. He spoke of examples (personal and others) where seniors using Medicare Advantage had surgeries with very little out-of-pocket expense and had follow-up contact with food, etc.. Bill was interviewed by WOWK-TV Channel 13 concerning this, where it was reported that reducing funding for Medicare Advantage would be disastrous for WVARSE retirees as well as other seniors because many can hardly afford the expenses of Medicare Advantage and definitely would have a difficult time managing a more expensive plan. CMS announced that there would be no reduction of funding for Medicare Advantage. The efforts of these Zoom meetings and the letters sent to President Biden and CMS were influential in the final decision.

## Legislative News

**WE DID IT!!!** Your calls to the Governor's office got retirees on his radar and into the State of the State message. We asked you to make phone calls and you did. Grass roots efforts work. That resulted in Senate Bill 237. It is now completed legislation and has been signed by the Governor. Several of us were able to be at the Signing Ceremony for this bill. What it will do is give a \$1,500 13th check to retirees 70 and older who have at least 20 years of service and a monthly pension of less than \$1,000. That's an extra check of more than a time and a half their regular check. That affects 5,273 retirees. The bill also increases the minimum pension of retirees 70 years and older with at least 25 years of service from \$750 to \$1,000 per month. That affects 1,687 retirees.

The neediest of our retirees have now been taken care of. That is a great first step. Since I have been your State Legislative Chair, we have doubled the minimum pension from \$500 to \$1,000. We should be grateful to the Governor and the

Legislature for helping our neediest retirees. We should also appreciate the efforts of the AARP Advocacy Team that helped us accomplish this and the WVARSE members who are also part of that team. Thanks to Danny Gray, Bob and Nellie Orsburn, Ann Pauley, and Irvin Scarberry. Now it is time to start working on broader coverage. When you consider there are over 66,000 retirees, 92% of us got left out. We want to work on something next year that gives something to the more average retiree. With inflation being what it is, the rest of us should get some meaningful relief as well.

The PEIA bill is a real problem for the actives and for our early retired members. Those retirees that are still on regular PEIA instead of the Medicare Advantage plan will have to pay increased premiums without the benefit of the pay raise the actives will get. Those of us 65 and older, who are on the Humana Medicare, should not see a change for now. It is an ill wind that blows no good. At least the PEIA Bill improved insulin coverage to match the AARP sponsored insulin co-pay bill. Those who take two kinds of insulin will be charged as an aggregate with one co-pay for both types of insulin of no more than \$35 for a 30-day supply.

*Pictured above at the Signing Ceremony for Senate Bill 237 are Senator Eric Nelson, Lead Sponsor; John Taylor, WVARSE State Legislative Chair; Charnel Radcliff, WVARSE President; Danny Gray, Past President, WVARSE; Governor Justice; Ann Pauley, WVARSE Region V Director; Irvin Scarberry, WVARSE Immediate Past President; Senator Ben Queen, bill co-sponsor; and last, but not least, Baby Dog.*

He attended the first AMBA Roundup in 2003 in Austin and was recognized by AMBA as being the only State Executive to attend all roundups. "AMBA has helped grow WVARSE with their access to Velocity and their website help, creating advertising messages, and mailing to their members and potential members," Bill said, he likes the personal touch calls and communication with the AMBA staff and their access when a question arises, along with getting to know AMBA staff and agents. ## Marshall County

WVARSE President, Charmel Radcliff, attended the December meeting of the Marshall County Association of Retired School Employees. Pictured are members Mary Rose Robbins, Lexie Hanket, WVARSE President Radcliff, Mary Massey and Linda Snodgrass.

## Braxton County

Braxton County retired teachers. What a great day for a picnic this summer. Very active group.

### Cindy and Joe Sprouse

Congratulations to Cindy and Joe Sprouse who were named Burnsville's "Citizens of the year" for 2022. They volunteer for numerous organizations and makes BCARSE proud having them as members.

## Barbour County

One of the Barbour County Association of Retired School Employees' favorite projects over the years has been the promotion and upkeep of the historic Mouse Run School. Each year, the local chapter donates the necessary labor, supplies and materials to help protect the pre-Civil War era structure. BCARSE sponsors the structure's maintenance and related open house activities at the county fairgrounds in late summer. During the last week of August, local elementary students and scores of guests from Barbour and surrounding counties and other states visit the 1840's era school to view artifacts and hear stories about the school's history and operation.

Shown above, during a recent Kids' Day event, BCARSE vice-president, Sandy Lantz, fields questions from local third graders about what rural schools were like during the 19th century and early 1900's. The association is making plans for the next round of visits and the accompanying apple butter making project scheduled for August.

Barbour County retired teachers met for breakfast and had a great time!

## Grant County

The Grant County Association of Retired School Employees met on December 8th at Bambino's Restaurant for a Christmas get-together. Outgoing President Patty Adkins welcomed everyone and shared a reading "Show Your Joy to the World." She urged members to continue calling the Governor's office and to write letters to the WV Senate President and Speaker of the House to pass a supplement for retirees and a cost-of-living adjustment.

The following officers were installed for 2023 – John Moyers, President; Becky Haslacker, Vice President; Betty Inskeep, Secretary; and Erma Moyers, Treasurer by Patty Adkins.

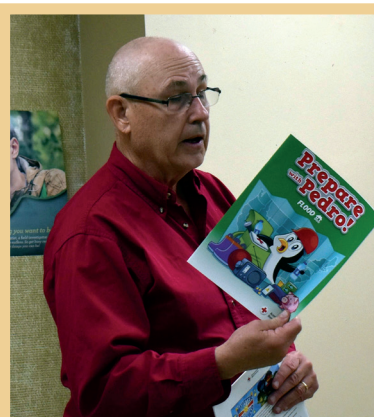

Incoming President John Moyers gave the blessing before the meal. Attendees enjoyed food, fellowship and wonderful entertainment from member Cynthia Berg who sang three Christmas songs.

## Roane County

The Roane County Association has been active and busy. In October members held a cookout and hay ride at the Painter's Farm. In November members celebrated WVARSE's 65th Anniversary by learning about the history of WVARSE. Members Debbie Fox, Willa Shenkle, and Melinda Walker read Christmas stories to families following the annual Christmas Parade. Members held their annual Christmas Dinner, with special guest Bill Milam. Members were entertained by the Roane County High School Choir. Nonperishable food was collected during the December meeting and distributed to the local food pantry, Helping Hand, and Blessing Boxes.

Members celebrated National Red Cross month with information presented by RCARSE members and Red Cross Volunteers Woody Wilson and Gary Bender. Members continue the StoryWalk at the New Burne One-Room School. Each month members post a new story. The following stories have been posted for families to walk and read together: 5 More Sleeps by Jimmy Fallon, The Missing Mitten by Steven Kellogg, and a collection of Mother Goose Rhymes.

## Upshur County

Admire this group of dedicated retired school employees; they came together and reorganized. Proud of each one.

## Morgan County

The Morgan County Association of Retired School Employees met on November 15, 2022, at the County Board of Education. Kristen Turtle, Superintendent, presented a compelling power point detailing the hardships caused by COVID and the constant adjustments necessary to provide services to students. The battle continues as they struggle to fill all positions, recapture learning loss, and provide mental health services. A silent auction was held to benefit our scholarship fund. Thanks in large part to Beulah Milliner's decadent coconut cream pies, we raised \$150.

## Taylor County

The Taylor County Career Center prepared and served a very good and very formal meal.

# Scholarship Winners

The WVARSE Scholarship Committee chaired by Sharon Vance (Greenbrier); Mary Ann Ferris (Harrison); Danny Gray (Greenbrier); and Linda Stewart (Pocahontas) reviewed the two submitted applications and awarded scholarships to the following students. There were no applications submitted for vocational schools.

**Elisabeth Baisden** was Valedictorian of her 2020 graduating class at Tug Valley High School in Mingo County. She lives at home with her mother, stepfather, and brother. She prepared well to enter Marshall University a year ahead of her classmates by taking honor classes, AP classes and dual-credit classes in high school. During her first year in college, she had to work online due to Covid. She was successful in getting a full-time position at Chief's Roadhouse where she was a quick study and was promoted to a supervisor. She was successful in working full time and attending Marshall full time. During the fall 2022 semester she completed her Level II experience as a student teacher in an eighth grade class at Barboursville Middle School. After graduation, she plans to obtain a teaching position in Mingo County teaching English.

**Ella Casto** was a 2020 graduate from Ripley High School, where she maintained better than a 4.0 GPA all four years. She played volleyball and was the team captain for two years. She was involved with academic honors such as Rho Kappa Social Studies Honor Society, and Mu Alpha Theta Math Honor Society. She was also a member of the Ripley High School National Honor Society. She is surrounded by a supportive family who encourages her to do her best in everything. Ella is a senior at Alderson Broaddus University where she was member of the volleyball team and involved in many other activities. She has been a math tutor and STEM coordinator for Kid Reach in Barbour County. She is a member of Student Government Association and Student Education Association. She has maintained a 3.95 GPA as she is preparing to obtain K-6 teacher certification and plans to obtain a teaching position in either Jackson or Monongalia County.
